IL PIANO · YOUR CONTENT PLAN

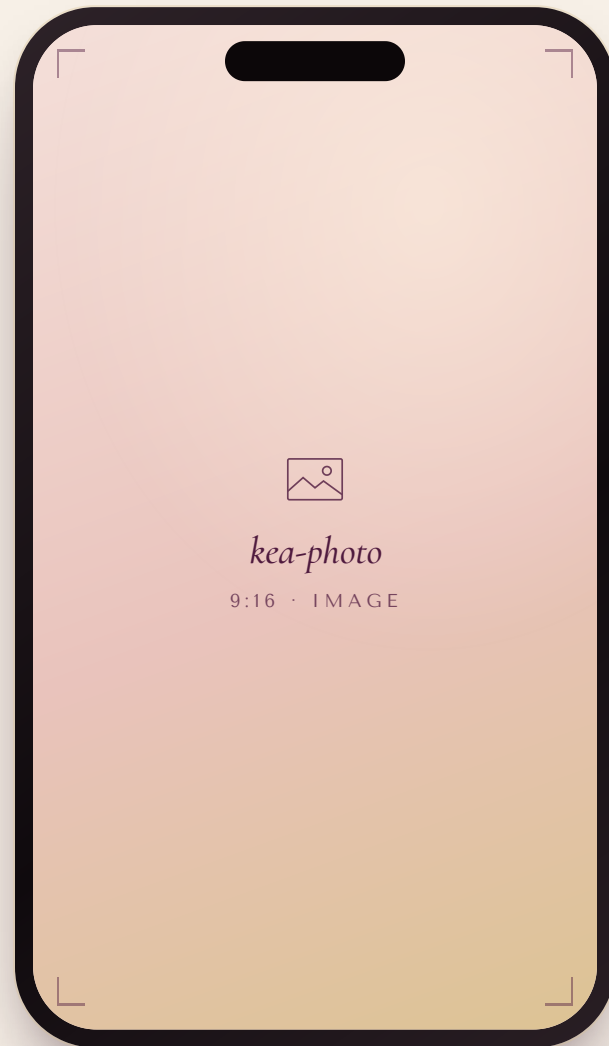

WHAT WE’LL CAPTURE

Before we ever get to Lake Como, we'll build your content plan together. We map the moments you already know you want, the people and vendors who matter to you, and the content we want to make across the weekend. Then we leave room for the moments nobody can plan.

And we're planning more than your edits. We're building a library of your weekend, so the moments that don't make the first cut are still yours later.

ON THE PLAN

Sam getting ready	JT and his crew
The ceremony and the big emotional moments	Both dresses and the fashion
Your bridal party	Reception energy and the dance floor
Details, florals and the lake itself	The candid moments in between
Vendor features and short interviews	The welcome party and the farewell

FOUNDER AND LEAD CREATIVE · HOUSTON BASED, AVAILABLE WORLDWIDE

If you felt it, I want it in the edit.

I've spent three years building Curated by Kea around one idea: when you watch your wedding back, it should feel the way it felt to be there.

I stay close without getting in the way. I pay as much attention to your people as I do to the timeline. And I know how to make content your community actually wants to watch. That's how my work has reached millions of views.

WHAT A SECOND CREATOR GETS YOU

- BOTH OF YOU, AT THE SAME TIME**
Sam getting ready and JT with his crew, covered side by side instead of one after the other.
- MORE THAN ONE PERSPECTIVE**
The vows, the first kiss, the entrances, the first dance. One of us close, one of us wide.
- MORE OF THE ROOM**
Guests, reactions, vendors and details, captured while the two of you stay covered. All of it goes into your archive.

THE WAY WE'D RECOMMEND COVERING LAKE COMO.

OPTION ONE · KEA

ONE DEDICATED CREATOR

\$2,750 PACKAGE INVESTMENT

Me, capturing your weekend from a single perspective. It's focused, personal coverage. One creator follows one timeline at a time, so when two moments happen at once, I'm with one of them.

- Kea across all three events
- One perspective, following the timeline as it unfolds
- All usable raw footage, your archive from one point of view

RECOMMENDED · THE FULL WEEKEND EXPERIENCE

OPTION TWO · KEA + STEPHEN

TWO CREATORS. TWO PERSPECTIVES. ONE COMPLETE STORY.

\$5,250 PACKAGE INVESTMENT

With two of us there, your weekend doesn't have to happen from one point of view. While I'm with Sam, Stephen is with JT. While one of us follows the moment, the other catches the reaction.

- Sam and JT covered at the same time on the wedding morning
- Complementary angles on the ceremony, first kiss, entrances and first dance
- Guests, details, vendors and behind the scenes, while you two stay covered
- A deeper raw archive: the moment and the reaction, both sides of the room, captured at the same time

More perspectives now means a richer library later, and a fuller story without pulling either of you away from living it.

Your investment covers our content services and the travel already built into the package. Team lodging, the Milan and Lake Como transfers, and transportation during the weekend are separate. You can arrange them, or we can coordinate and invoice them for you. More on the next page.

WHAT WE'LL NEED FROM YOU.

These sit outside the package investment. You can arrange them, or we can coordinate them and invoice separately. Whatever's easiest for you.

LODGING

A 4 to 5 night stay for the team, depending on final flight schedules. Staying in your room block keeps it simple.

TRANSFERS

Round-trip transfer between Milan and Lake Como for the team and our gear.

WEEKEND TRANSPORTATION

Rides to and from every scheduled event and required location.

MEALS

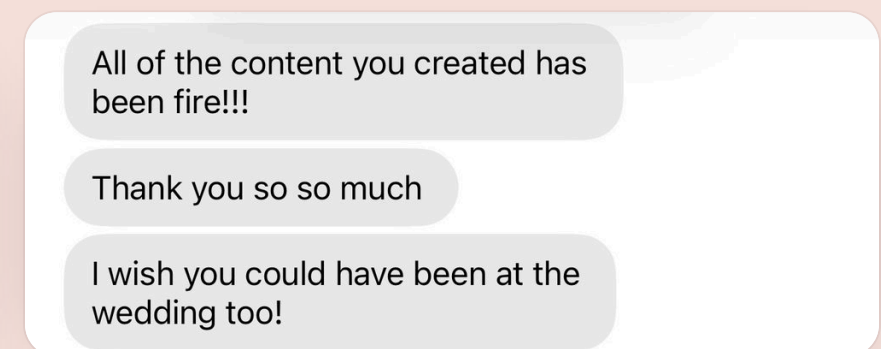

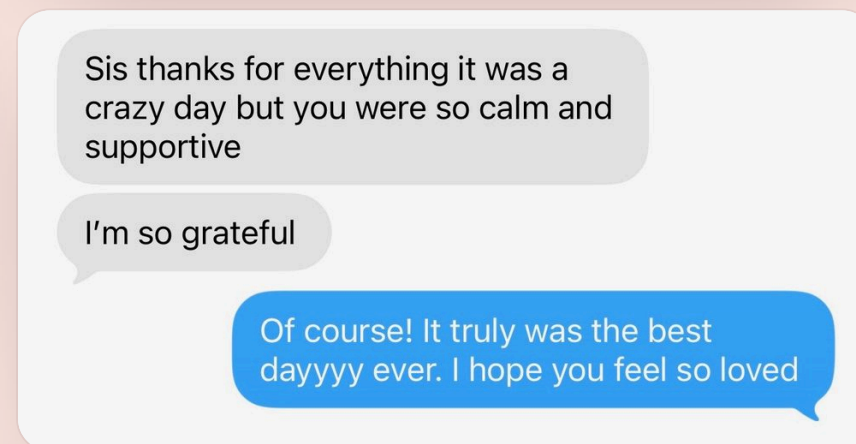

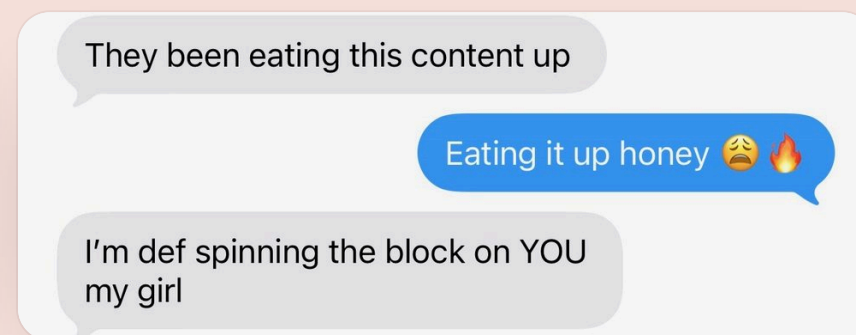

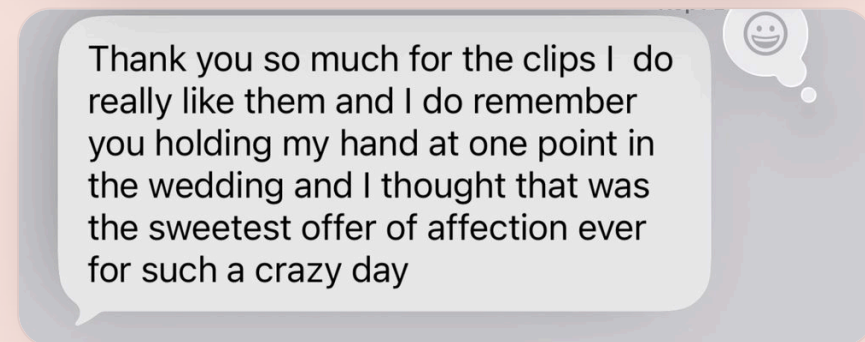

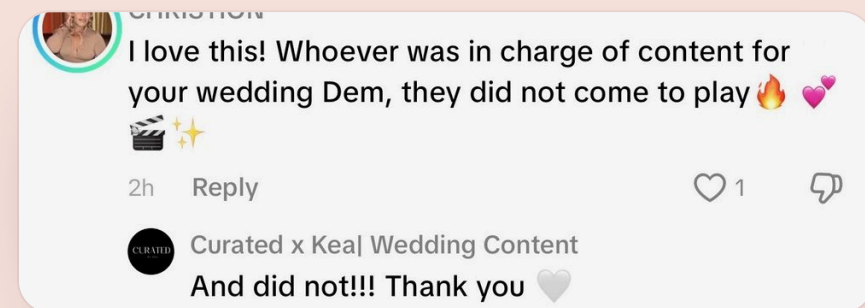

One vendor meal per team member at each event, served during guest meal service.

Rather not manage it? We can coordinate transportation and logistics for you and invoice those costs separately.

Timing, terms and the fine print go in your contract once you decide to move forward.

— PERCHÉ NOI · WHY US

Why us?

*The Blackest Wedding in Lake Como
deserves to be Curated by Kea.*

CI VEDIAMO AL LAGO.

You've already put so much intention into bringing the people you love to Lake Como. Our job is to make sure you don't have to choose between living it and remembering it.

Your photographer and videographer will give you the polished heirlooms. We keep the in-between: what it looked like, sounded like and felt like while it was happening. You'll leave Lake Como with edits to share now and a library of your weekend to come back to for years.

We'll come in with a plan, stay close enough to catch the moments that matter, and leave room for the ones nobody could have planned.

And with two of us there, your story doesn't have to happen from one point of view.

I can't wait to bring this weekend to life with you.
